Middle School Consolidation Study Community Forums – In-person and Online

Community Forums for the BSD Middle School Consolidation Plan are scheduled to take place at each of the five comprehensive middle schools: Chinook, Highland, Odle, Tillicum, and Tyee. During these sessions, participants will have the opportunity to review the findings presented by the demographer, discuss their implications, and share their thoughts with District leaders. The District is committed to deeply listening to the communities we serve. These meetings are open to all members of the public and ensure at least one meeting for the schools within each middle school attendance zone. Additionally, participants will have the option to attend smaller, specialized sessions for groups that will be impacted, such as dual-language and advanced learning, as well as for groups that have historically been marginalized or underserved in our education system. Further details about these concurrent sessions will be finalized and made available on the [Middle School Consolidation Study webpage](#) and will be shared by each school.

In addition to the in-person forums, the District has scheduled additional opportunities to participate online. Participants must register in advance for the online session they would like to attend. The District can accommodate up to 50 participants in each online session and is prepared to host additional sessions based on demand. [Please register Here](#). The online session dates are as follows:

- Thursday, November 2 (English) from 5:00 to 6:00 pm

We need more families to voice their support for Tyee Middle School to ensure that BSD does not cut off Tyee Middle School or any programs, such as the Advanced Learning Program, at Tyee Middle School. Please consider joining the in-person meeting on Monday, October 30, 2023, or participate in the online meetings to express your thoughts.

We appreciate your support and input!
