Future Imagineer STEM Challenge

Get set to embark on an incredible future where innovation meets innovation! Students will dive into the world of STEM (Science, Technology, Engineering, and Mathematics) to solve real-world problems through inventive thinking and teamwork.

What are the Challenge Components? (i) Video Competition: Students are asked to create a 1-2 minute video describing their unique solution to an everyday problem. (ii) Project Exhibit: Selected projects will be invited to the Future Imagineer Exhibit at Seattle Center during International Children's Friendship Festival on Saturday, April 20th or Sunday, April 21st, 2024.

What is the Challenge Topic? Transportation of Tomorrow! Design a future technology, product, material or tool for sustainable transportation. Dream big and envision the innovative ways we'll move sustainably in the years to come!

Who Can Participate? Middle school (Grades 6-8) school students, this challenge is crafted just for you! Bring your ideas, enthusiasm, and passion for STEM to the table. Teams of up to four students are welcomed. Participating students must have an adult mentor (18 years or older).

Why Participate? Besides the thrill of tackling real-world problems, participants stand a chance to win exciting prizes and recognition for their innovative solutions! This challenge isn't just about winning; it's about embracing the thrill of discovery and innovation.
