ON ADVOCACY focus

Advocacy Submission Process Open

Any PTA member is encouraged to submit an issue, resolution, or legislative principle that addresses concerns that affect children on a state-wide level. As a grassroots association, we rely on our members to provide the priorities that we will advocate for at the state level and within our communities. Learn more about our legislative priorities here and the history of our advocacy efforts here.

At the 2024 Legislative Assembly, delegates will debate and vote on these submissions and whether to add them to our platform. This year is especially important as we will be voting on a new Top 5 to focus on over the next two years.

The submission process is now open! For complete instructions and deadlines for submitting, visit the new Submissions page.
