

Python Bytes Club (PTSA) - Student Coaches

Job Description

Python Bytes Club, under Tyee PTSA, is looking for student coaches to teach basic programming concepts and Python programming to Tyee middle school students for the 2023-2024 school year. The club meetings will be *Wednesdays, 7:00 pm to 8:30 pm* in-person at the Tyee Middle School campus. Your main roles will be:

- Prepare for teaching Sessions (We use Python For Kids by Jason R. Briggs as a reference textbook)
- Provide lectures during club meetings. (not every meeting is a lecture)
- Coach, assist and mentor students.
- Lead small group projects with a small team of students
- Make Programming Fun :)

Requirements / Qualifications:

- Responsible: Be able to commit a minimum 2 hrs/week during the club activities time between Oct 2023 to May 2024 (no club activities when there is no school). In case of absence, at least 2 days of advanced notice is required.
- Passion for teaching and mentoring
- Punctual and reliable
- Good communication skills
- Skilled in Python Programming Language
- (Nice to have) Experience in programming competitions or hackathons.

Perks:

1. Excellent experience to build up your leadership.
2. Work and coach alongside Professional Programmers from MAANG companies and Computer Science Professors from UW.
3. **Claim volunteer hours.**

Interested? How do you become a club coach:

1. Apply for the student coach using this link - <https://forms.gle/o3yvzgY7GP3f1DRd6>
2. You will be contacted if there is a fit.
3. Pass the interview, and become an official club coach.
